Consolidated Financial Statements and Schedules

December 31, 2012

(With Independent Auditors' Report Thereon)

KPMG LLP  
345 Park Avenue  
New York, NY 10154-0102

### Independent Auditors' Report

Board of Trustees  
Catholic Near East Welfare Association:

We have audited the accompanying consolidated financial statements of Catholic Near East Welfare Association (CNEWA), which comprise the consolidated statement of financial position as of December 31, 2012, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditors' Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Opinion*

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Catholic Near East Welfare Association as of December 31, 2012, and the changes in its net assets and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

***Report on Summarized Comparative Information***

We have previously audited CNEWA's 2011 consolidated financial statements, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated July 20, 2012. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2011 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

***Other Matter***

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary information included in Schedules 1 through 10 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

## CATHOLIC NEAR EAST WELFARE ASSOCIATION

### Notes to Consolidated Financial Statements

December 31, 2012

(with comparative amounts as of and for the year ended December 31, 2011)

#### (1) Description of Organization

Catholic Near East Welfare Association (CNEWA) is a special agency of the Holy See established to support the pastoral mission and institutions of the Catholic churches of the East and to provide humanitarian and pastoral assistance to the needy and afflicted without regard to nationality, ethnicity, or religion. It also has been entrusted by the Holy Father with responsibility for promoting the union of the Catholic and Orthodox churches and for fostering interreligious dialogue.

Although one corporate entity according to the canon law of the Catholic Church, CNEWA is also organized into as many related civil corporations as appropriate or as may be required by the law of the various countries in which it conducts its operations. The financial statements reflect the consolidated accounts of the following related civil corporations:

- **Catholic Near East Welfare Association.** CNEWA is incorporated under the provisions of Article 2 of the Religious Corporations Law of the State of New York. It has been classified by the U.S. Internal Revenue Service as exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the Code) and is not a private foundation as described in Section 509(a) of the Code. Its financial statements include the accounts of its central office in Rome, its administrative headquarters office in New York, and its regional offices in Addis Ababa, Amman, Asmara, Beirut, and Jerusalem.
- **CNEWA Canada.** CNEWA Canada is incorporated under the provisions of Part II of the Canada Corporations Act, R.S.C. 1970, Chapter C-32, as amended. It has been determined by the Canada Customs and Revenue Agency that CNEWA Canada is a charitable organization as set out under subsection 149.1.(1) of the Registered Charities and the Income Tax Act and qualifies for tax-exempt status as a registered charity under paragraph 149(1)(f) of the act.
- **CNEWA India.** CNEWA India is a public, religious and charitable trust registered in the Ernakulam sub registry office, Kerala State, of the Republic of India. It is registered as a religious trust under Section 12AA of the Income Tax Act, 1961, by the Commissioner of Income Tax, Kochi, and registered under Section 6(1)(a) of the Foreign Contribution (Regulation) Act, 1976, by the Ministry of Home Affairs.
- **CNEWA Italia.** The juridical personality of CNEWA Italia in the Republic of Italy was recognized and registered, n. 782/11, on March 25, 2011 in the Registro delle Persone Giuridiche at the Ufficio Territoriale del Governo – Prefettura di Roma.
- **CNEWA United States.** CNEWA United States is incorporated under the provisions of Section 402 of the Not-For-Profit Corporations Law of the State of New York. It has been classified by the U.S. Internal Revenue Service as exempt from federal income taxes under Section 501(c)(3) of the Code and is not a private foundation as described in Section 509(a) of the Code.

CNEWA recognizes the effects of income tax positions only if those positions are more likely than not of being sustained. Management annually reviews its tax positions and has determined that there are no material uncertain tax positions at December 31, 2012 and 2011.

## Notes to Consolidated Financial Statements

December 31, 2012

(with comparative amounts as of and for the year ended December 31, 2011)

### (2) Summary of Significant Accounting Policies

#### (a) Basis of Presentation

The consolidated financial statements have been prepared on the accrual basis. All significant intercompany transactions have been eliminated in consolidation. Net assets and revenue, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of CNEWA and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that will be met either by actions of CNEWA or the passage of time.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by CNEWA. Generally, the donors of these assets permit CNEWA to use all or part of the income earned on related investments for general or specific purposes.

Revenue is reported as increases in unrestricted net assets unless its use is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., when the donor-stipulated purpose has been fulfilled or the designated time period has elapsed) are reported as net assets released from restrictions.

#### (b) Cash Equivalents

CNEWA considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents with the exception of cash and short-term investments managed by CNEWA's investment managers for long-term investment purposes, and collateral accounts securing the Beirut office's microcredit project, which are included in investments.

#### (c) Investments

Investments in equity securities with readily determinable fair values are reported at fair value based on quoted market prices. Investments in debt securities are measured using quoted market prices where available. If quoted market prices for debt securities are not available, the fair value is determined using an income approach valuation technique that considers, among other things, rates currently observed in publicly traded markets for debt of similar terms to companies with comparable credit risk, the issuer's credit spread, and illiquidity by sector and maturity. The alternative investments, which are not readily marketable, are carried at estimated fair values as provided by the investment managers using net asset value per share or its equivalent. Classification of these investments within the fair value hierarchy is based on

## CATHOLIC NEAR EAST WELFARE ASSOCIATION

### Notes to Consolidated Financial Statements

December 31, 2012

(with comparative amounts as of and for the year ended December 31, 2011)

CNEWA's ability to timely redeem its interest rather than on valuation inputs. CNEWA agrees with the valuation methods and assumptions used in determining the fair value of the alternative investments. Those estimated fair values may differ significantly from the values that would have been used had a ready market for these securities existed.

#### ***(d) Fair Value Measurements***

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. CNEWA classifies its financial assets and liabilities that are measured at fair value, into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 also includes investments in alternative investments, for which CNEWA has the ability to redeem its investment on or near the date of the consolidated statement of financial position.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liabilities. Level 3 also includes investments in alternative investments that are not redeemable near the date of the consolidated statement of financial position.

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial instrument, including estimates of timing, amount of expected future cash flows, and the credit standing of the issuer. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. The disclosed fair value may not be realized in the immediate settlement of the financial instrument. In addition, the disclosed fair values do not reflect any premium or discount that could result from offering for sale at one time an entire holding of a particular financial instrument. Potential taxes and other expenses that would be incurred in an actual sale or settlement are not reflected in amounts disclosed.

#### ***(e) Fixed Assets***

Fixed assets are capitalized at cost when purchased, or at fair value at the date of gift when donated. Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets.

#### ***(f) End-of-Service Liabilities***

End-of-service liabilities represent amounts accrued for employees of certain CNEWA offices

**CATHOLIC NEAR EAST WELFARE ASSOCIATION**

Notes to Consolidated Financial Statements

December 31, 2012

(with comparative amounts as of and for the year ended December 31, 2011)

payable upon separation from their office in compliance with CNEWA policy and local statutory requirements.

**(g) *Split-Interest Agreements***

CNEWA's split-interest agreements with donors consist primarily of charitable gift annuities and life income funds for which CNEWA serves as trustee. Assets held under these agreements are included in investments. Contribution revenues are recognized as of the date the assets are received after providing for the liabilities for estimated future beneficiary payments. The liabilities are adjusted annually during the term of the agreement for changes in the life expectancy of annuitants, accretion of the discount, and other changes in the estimates of future benefits.

CNEWA is also the beneficiary of certain perpetual trusts and other split-interest agreements held and administered by others. CNEWA's share of these trusts is recognized as an asset and as a contribution when CNEWA is notified the trusts have been established. Distributions from those trusts are recorded as investment income and the carrying value of the assets is adjusted annually for the fair market value of the underlying investment trust.

**(h) *Use of Estimates***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management of CNEWA to make a number of estimates and assumptions relating to the reporting of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. These estimates and assumptions are based on management's best estimates and judgment. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment. The current economic environment has increased the degree of uncertainty inherent in those estimates and assumptions. Management adjusts such estimates when facts and circumstances dictate. Significant items subject to such estimates and assumptions include the useful lives of fixed assets; allowances for doubtful receivables; valuation of investments and split-interest agreements; and reserves for employee end-of-service benefit obligations, uncertainties, and other contingencies. As future events and their effects cannot be determined with precision, actual results could differ from those estimates.

**(i) *Contributions, Collections, Grants, Legacies and Bequests***

Contributions, collections and grants, including unconditional promises to give, if any, are recognized as revenue in the period received. Legacies and bequests are recorded when the will has been through probate and declared valid and the amount to be received can be reasonably estimated. Contributions receivable at December 31, 2012 are scheduled to be collected in 2013.

**CATHOLIC NEAR EAST WELFARE ASSOCIATION**

Notes to Consolidated Financial Statements

December 31, 2012

(with comparative amounts as of and for the year ended December 31, 2011)

***(j) Contributed Services***

Support arising from contributed services of certain religious personnel has been recognized in the consolidated financial statements. The computation of the value of the contribution of these services represents the difference between the stipends and other amounts actually paid to or on behalf of these persons and the comparable compensation that normally would be paid to nonreligious personnel occupying these positions.

***(k) Nonoperating Activities***

All activity of CNEWA is recorded as operating activity, except for transfers between unrestricted net asset fund categories for the acquisition of fixed assets, net of disposals; unrealized activity on investments; the change in value of the annuity obligations; foreign currency gains (losses); as well as transfers between undesignated and designated unrestricted net assets categories, which are considered nonoperating activities.

***(l) Comparative Information***

The 2012 consolidated statements of activities and functional expenses are presented with 2011 information in total but not by net asset class and functional classification, respectively. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with CNEWA's consolidated financial statements for the year ended December 31, 2011, from which the 2011 totals were derived.

***(m) Functional Allocation of Expenses***

The costs of providing the various programs and other activities of CNEWA have been summarized on a functional basis in the consolidated statements of activities and functional expenses. Accordingly, certain costs have been allocated among the programs and support services benefited.

***(n) Reclassifications***

Certain reclassifications have been made to prior year amounts to conform to the current year.

**CATHOLIC NEAR EAST WELFARE ASSOCIATION**

Notes to Consolidated Financial Statements

December 31, 2012

(with comparative amounts as of and for the year ended December 31, 2011)

| Total   | <u>\$ 1,353,426</u>   | <u>\$ 165,873</u>               |                                 |                                     |

- (a) The majority of the capital invested in this category is typically allocated to merger and credit strategies, though the mix can vary widely. Special situation strategies typically constitute a minority of invested capital.
- (b) This category includes investments in managers who further allocate capital to a select group of experienced hedge fund managers who provide diverse investment strategies. The investment process involves manager identification, due diligence, portfolio construction, risk management and monitoring and review. Portfolio construction is a qualitative and quantitative process.
- (c) This category includes investments in hedge funds that invest both long and short primarily in U.S. companies with market capitalizations under \$2.5 billion. The managers generally maintain a minimum short position of 30 percent of the invested long position.
- (d) This category includes investment in managers who seek to achieve superior returns through investments in the securities of issuers that are the subject of cash tender offers, cash mergers, stock mergers, acquisition attempts, exchange offers, or to a lesser extent, other forms of corporate reorganizations. Portfolios typically consist of 70% U.S., 20% Canadian and 10% European positions while avoiding emerging markets. Total net exposure must be less than 100% of the fund's net asset value.
- (e) This category includes investments in hedge funds that are currently in liquidation.
- (f) This category includes investments in fund of fund managers who seek to invest in a diversified portfolio of private equity managers. The managers may also make direct equity investments not to exceed 30% of committed capital.
- (g) This category includes investments in international real estate private equity managers who seek to invest in a diversified portfolio of international commercial real estate assets, real estate operating companies, distressed or undervalued credits, and high-yield structures.

# CATHOLIC NEAR EAST WELFARE ASSOCIATION

## Notes to Consolidated Financial Statements

December 31, 2012

(with comparative amounts as of and for the year ended December 31, 2011)

In accordance with the California Insurance Code, Section 11521, 50% of annuity funds are invested in individual U.S. treasury securities and the remaining 50% are invested according to CNEWA investment policies. As defined in the New York State Estates, Powers and Trusts Law, Section 11-2.3, assets are invested in accord with the "prudent investor" standard.

### (6) Note Payable

On July 1, 2010, CNEWA entered into an agreement with the Parish Assistance Corporation of the Archdiocese of New York, for a loan in the amount of \$4,000,000 with a fixed interest rate of 5% for 30 years, to July 1, 2040. The purpose of this loan was to provide a residence for certain religious personnel. The loan is secured by the property purchased. Loan payments of principal and interest are as follows:

| Year       | Principal           | Interest            | Total               |
|------------|---------------------|---------------------|---------------------|
| 2013       | \$ 66,577           | \$ 191,097          | \$ 257,674          |
| 2014       | 69,984              | 187,690             | 257,674             |
| 2015       | 73,564              | 184,110             | 257,674             |
| 2016       | 77,328              | 180,346             | 257,674             |
| 2017       | 81,284              | 176,390             | 257,674             |
| Thereafter | 3,483,402           | 2,335,708           | 5,819,110           |
|            | <u>\$ 3,852,139</u> | <u>\$ 3,255,341</u> | <u>\$ 7,107,480</u> |

### (7) Pension Plan

Substantially all of CNEWA's New York office employees participate in the noncontributory pension and retirement plan of the Archdiocese of New York (the Plan) which covers salaried lay employees of any Roman Catholic parish, institute, or other organization within the Archdiocese of New York which elects to participate in the Plan. The Archdiocese of New York established the Plan and the participating employers have agreed to make contributions to the Plan sufficient to provide the Plan with assets from which to pay pension and death benefits. Employees of participating employers become eligible for participation in the Plan upon completion of three years of continuous service, provided the employee is age 25 at nearest birth date and scheduled to work at least 20 hours a week. Employees who terminate employment with five or more years of vesting service are entitled to benefits commencing at the normal retirement date (or commencing on or after age 50 with at least 10 years of vesting service). The Plan is a "church plan" within the meaning of Internal Revenue Code Section 414(e) and has elected not to participate in the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is considered a multiemployer pension plan. The risks of participating in a multiemployer plan are different from single-employer plans in the following aspects:

- Assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers.

**CATHOLIC NEAR EAST WELFARE ASSOCIATION**

Notes to Consolidated Financial Statements

December 31, 2012

(with comparative amounts as of and for the year ended December 31, 2011)

- If a participating entity stops contributing to the multiemployer plan, the unfunded obligations of the plan may be borne by the remaining participating entities.
- If an entity petitions to stop participating in the multiemployer plan, the entity may be required to pay the plan a withdrawal liability based on the funded status of the plan.

CNEWA's retirement plan expense is equal to the required annual contributions to the Plan, which is calculated by the Archdiocese of New York based on actuarially determined methods. Pension expense for the years ended December 31, 2012 and 2011 was \$443,446 and \$211,531, respectively.

The following table provides certain financial information of the Plan as of December 31, 2011 (the date of the latest audited financial statements):

| Legal name and plan number | Plan EIN  | Actuarial present value of accumulated plan benefits | Net assets available for plan benefits | Funded status | Total 2011 employers' contributions |
|----------------------------|-----------|--|--|---------------|-------------------------------------|
| Archdiocese of NY 1705     | 5-1926855 | \$1,276,488,049                                      | \$917,244,840                          | 72%           | \$62,585,933                        |

The accumulated plan benefits and net assets available for plan benefits of the Plan are not reflected in the accompanying consolidated financial statements of CNEWA. The Archdiocese of New York has the right to change or terminate the Plan. If the Plan were to terminate, the net assets would be distributed to the exclusive benefit of the participating employees.

**(8) Leased Facilities**

CNEWA's New York offices lease space in New York from the Ecclesiastical Assistance Corporation of the Archdiocese of New York. The agreement is renewable annually. Rent expense for the years ended December 31, 2012 and 2011 was \$432,275 and \$417,650, respectively.

The CNEWA offices in Addis Ababa, Amman, Asmara, Ernakulam, Jerusalem, and Ottawa have lease agreements renewable on an annual basis. Rent expense under these agreements for the years ended December 31, 2012 and 2011 was \$98,206 and \$107,280, respectively.

**CATHOLIC NEAR EAST WELFARE ASSOCIATION**

Notes to Consolidated Financial Statements

December 31, 2012

(with comparative amounts as of and for the year ended December 31, 2011)

**(9) Net Assets**

**Temporarily restricted net assets.** CNEWA's temporarily restricted net assets at December 31, 2012 and 2011, consisted of the following:

|                          | <b>2012</b>              | <b>2011</b>             |
|--------------------------|--------------------------|-------------------------|
| Pastoral support         | \$ 2,927,309             | \$ 2,318,927            |
| Humanitarian assistance  | 1,600,581                | 2,400,105               |
| Interfaith communication | 364,262                  | 284,016                 |
| Public awareness         | 15,667                   | 6,120                   |
| Multi-purpose:           |                          |                         |
| Beirut                   | 1,626,529                | 1,275,216               |
| Jerusalem                | 911,746                  | 670,452                 |
| Canada                   | 424,165                  | 154,852                 |
| Other                    | <u>2,290,382</u>         | <u>1,506,945</u>        |
|                          | <br><u>\$ 10,160,641</u> | <br><u>\$ 8,616,633</u> |

**Permanently restricted net assets.** CNEWA invests and manages a variety of permanent endowment funds in accordance with the instructions of the original donor or receives contributions from perpetual trusts managed by others. At December 31, 2012 and 2011, these permanently restricted net assets consisted of the following:

|                          | <b>2012</b>             | <b>2011</b>             |
|--------------------------|-------------------------|-------------------------|
| Pastoral support         | \$ 3,509,580            | \$ 3,505,579            |
| Humanitarian assistance  | 1,157,136               | 1,049,626               |

**(10) Endowment Funds**

CNEWA's endowment funds include both donor-established restricted endowment funds and funds designated by the board of trustees to be held as endowments. Net assets associated with endowment funds, including funds designated by the board of trustees to be held as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Based on CNEWA's interpretation of the New York Prudent Management of Institutional Funds Act (NYPMIFA), relevant accounting principles and absent explicit donor stipulations to the contrary, CNEWA classifies as permanently restricted net assets (a) the original value of gifts donated to the

**CATHOLIC NEAR EAST WELFARE ASSOCIATION**

Notes to Consolidated Financial Statements

December 31, 2012

(with comparative amounts as of and for the year ended December 31, 2011)

permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the directives of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the permanently restricted endowment fund is classified as temporarily restricted net assets until appropriated for expenditure in a manner consistent with the standard of prudence prescribed by NYPMIFA.

CNEWA has interpreted NYPMIFA to allow the spending of income and gains on investments of permanently restricted net assets, absent explicit donor stipulations that all or a portion of such gains be maintained in perpetuity. Civil law allows CNEWA to appropriate and spend such income and gains as is prudent, considering such factors as CNEWA's long- and short-term needs, present and anticipated financial requirements, expected total return on investments, price level trends and general economic conditions.

Annual spending authorizations from endowment funds are based on individual fund policies. The calculation is performed and the withdrawal request is proposed to the President.

The goal of CNEWA's endowment investment management is to maximize long-term total return through a combination of income and capital appreciation in a prudent manner consistent with sound investment practice. To achieve this goal, the endowment portfolio is divided into growth and fixed income components.

CNEWA's Board of Trustees has designated certain unrestricted net assets to function as endowments, which are adjusted periodically for inflation. Income earned on these net assets may be expended for the purposes designated by the Board of Trustees. At December 31, 2012 and 2011, these designated net assets consisted of the following:

|  | <b>2012</b>               | <b>2011</b>               |
|--|---------------------------|---------------------------|
